**Topics Discussed**

**Assessments:** The new proposed progress monitoring and end of year assessments

**FCLE:** Districts who have been administering the assessment report no issues. Pass rates vary.

**Registration of Scholarship Students for State Assessment:** Districts discussed the different procedures for registering students. Julie will reach out to FDOE to determine if it is necessary to distinguish anything more than "Private School" in TIDE.

**Response from Jenny Black** - Tests for McKay scholarship students should fall under that school, 3518. If other scholarship students test, they can be categorized under school 9900. The Family Empowerment school is listed separately and may be used, but is not required.

**The meeting ended at 10:35 a.m. The next Region 4 meeting will be June 2022.**
